

Pie charts

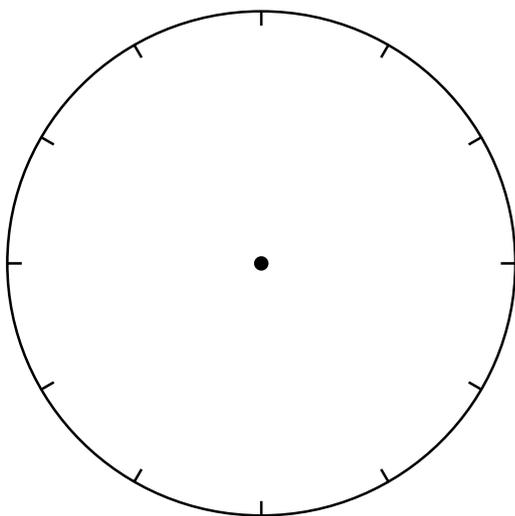

You will need a 1–6 dice.

- Roll the dice 24 times, recording each number you get in the table.
- Do the same thing, but this time roll the dice 36 times.

Complete the pie charts to show the results.

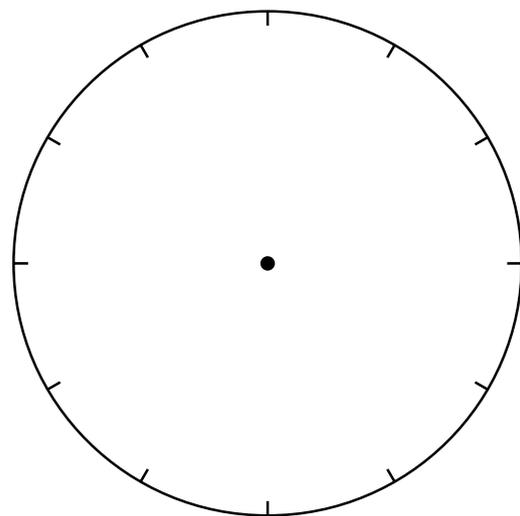

24 throws

Number	Tally	Total
1		
2		
3		
4		
5		
6		

36 throws

Number	Tally	Total
1		
2		
3		
4		
5		
6		

- Discuss with your partner what is the same and what is different about your two charts.
